

Toys of the Better Kind

We are showing in our windows this week a pre-holiday line of Toys for the boys and girls. Each and every one of these toys is a gift of the substantial kind. We have enough of these Toys to create a "TOY SHOP" in our stock of furniture. In fact, a visit to our Toy Department during the holiday season will be worth your while.

A complete line of the following Toys: Doll Carriages, Doll Beds and Cribs, Rockers and Chairs in both Reed and Wood, Table and Chair Sets, Blackboards, Kiddie Horse, Cuto Cars, Shoo-Flies, Duckydoo for the very tiny folks. Uajustit Cars, the ideal cars for the youngsters, adjustable to three sizes; for the little "tot" of two years or for the youngster up to seven years old. "Nuf ced"—it's a real car.

Winter Storage FOR YOUR BATTERY

Mr. Motorist:

Winter weather is dangerous to your battery. It may seem strange to you that we are advising you how to preserve your battery, because we sell Vesta batteries; but this is our policy: To strive hard to make your old battery give up all it can before we even suggest a new battery. We want your confidence.

Don't wait until spring, after the winter damage is done.

Each battery is a separate problem. Its age, the amount of winter service required, and other details, enter into consideration with reference to the best methods of handling your battery. Come in and we will tell you honestly what we would do to keep your battery safe if it was our car and our battery. Your visit will not obligate you.

It doesn't matter what make of battery you are using, our service is the same. Use the phone if you want further information. But do something now.

Yours for expert service,

NOISE CAUSED HEADACHE AND NERVOUSNESS

Relief Obtained, Says Massachusetts Resident, After Treatment with Dr. Williams' Pink Pills.

Anemic people are generally nervous for the reason that their blood is too weak in nourishment to convey strength to the delicate nervous system. The nerves receive their food entirely from the blood and nervous debility generally responds to a treatment that tones up the blood. The case of Mrs. Joseph Peete of No. 567 Main street, Clinton, Mass., illustrates the effectiveness of treatment with Dr. Williams' Pink Pills in nervous troubles.

"Several years ago I was operated on for appendicitis," says Mrs. Peete, "and it seemed impossible for me to regain my strength. I was told my blood supply was inadequate and that I had anemia. My complexion was sallow and I was without ambition. The most aggravating symptom was nervousness. I suffered from frequent headaches, my sleep was fitful and unrefreshing, unusual sounds upset me and my nerves were in such a state that it took me hours to get control of myself. I had frequent attacks of nervous indigestion too."

"A friend asked me to give Dr. Williams' Pink Pills a trial, saying that she had received great benefit from the remedy. I procured a box and after several weeks' treatment have improved so much that I feel like a different person. I sleep well, eat heartily without any distressing after-effects, and seldom become nervous. I am now an enthusiastic endorser of Dr. Williams' Pink Pills and shall never be without them again."

Your own druggist can supply you with Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 60 cents per box. Write for the free booklet, "Diseases of the Nervous System."—Adv.
